1. Conduct a survey of 5 adults about the GST
2. Research the questions from your survey
3. Research the GST – Ministers, print, websites
4. Collect notes on your topics

DEVISE

1. Survey questions – include a question to ask if there is one question they would like answered
2. Format and style for your information product
3. Jobs for your group members

PRODUCE

1. A list of the sources of information you used – book title and author, website addresses
2. Your information product – incorporating survey responses, answers for survey questions, information on GST topics

EVALUATE

Evaluate your work by asking these questions:

1. Have you conducted thorough research?
2. Have you answered the questions from the survey?
3. Is your information product easy to use and understand?
